

The myth of the "liberal media" is shown to be false by Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. The media are only as objective, and "liberal", as the multi-national corporations that own them.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest.

The right now controls the media in America, and this latest step of direct electioneering for one side of a campaign just before an election is outrageous, clearly in violation of federal election law, and must not be allowed!
